

Curriculum vitae

Dr. Christos Ioannidis, Cardiologist

Dr. Christos Ioannidis graduated from the Pavol Jozef Safarik Medical School in Kosice, Slovakia in 2005. He commenced his medical career at Sparta General Hospital where he completed his compulsory rural term. He later served for 3 months as a doctor in units in (of) the Cypriot army. In 2009 he started his internship in internal medicine and after succeeded in passing the examinations of the Ministry of Health in Cyprus, he continued his training at Limassol General hospital. In 2015 he successfully completed the cardiology board examinations at the Aristotle University of Thessaloniki medical school and was awarded with the title of cardiology specialist. He was trained in the latest ultrasound techniques at the echocardiography laboratory of Piraeus Tzanio Hospital where, for one year, he served as a research associate participating in research protocols, publications, and lectures at conferences. In 2016 he was appointed as a Cardiologist at Larnaca General Hospital, where he served the public health system for 4 years. From 2020 until today, he maintains a private Cardiology practice (office) contracted with GESY at the Scalamed clinic.
