Profile Overview

Plastic Surgeon with international clinical experience and advanced training in reconstructive microsurgery, breast reconstruction, and facial aesthetics. With a strong background in both public and private healthcare systems in Greece, the UK, and Cyprus, I provide high-standard surgical care that combines technical precision with a refined aesthetic sense.

I practice both Aesthetic and Reconstructive Plastic Surgery, offering:

- Non-invasive treatments such as botulinum toxin, hyaluronic acid, fillers, and mesotherapy
- A wide range of surgical procedures including skin lesion removal, breast augmentation/reduction/lift, breast reconstruction after cancer, blepharoplasty, otoplasty, liposuction, abdominoplasty, arm and thigh lift, rhinoplasty and facelift.
